Christian theologians have for some decades affirmed that they have no monopoly on encounters with God or ultimate reality and that other religions also have access to religious truth and transformation. If that is the case, the time has come for Christians not only to learn about but also from their religious neighbors. Circling the Elephant affirms that the best way to be truly open to the mystery of the infinite is to move away from defensive postures of religious isolationism and self-sufficiency and to move, in vulnerability and openness, toward the mystery of the neighbor. Employing the ancient Indian allegory of the elephant and blind(folded) men, John J. Thatamanil argues for the integration of three often-separated theological projects: theologies of religious diversity (the work of accounting for why there are so many different understandings of the elephant), comparative theology (the venture of walking over to a different side of the elephant), and constructive theology (the endeavor of re-describing the elephant in light of the other two tasks). Circling the Elephant also offers an analysis of why we have fallen short in the past. Interreligious learning has been obstructed by problematic

ideas about "religion" and "religions," Thatamanil argues, while also pointing out the troubling resonances between reified notions of "religion" and "race." He contests these notions and offers a new theory of the religious that makes interreligious learning both possible and desirable. Christians have much to learn from their religious neighbors, even about such central features of Christian theology as Christ and the Trinity. This book envisions religious diversity as a promise, not a problem, and proposes a new theology of religious diversity that opens the door to robust interreligious learning and Christian transformation through encountering the other.

In *Transnational Religious Organization and Practice* Stanley John offers a contextual analysis of Kerala (South India) Pentecostal churches formed in the context of temporary economic migration to Kuwait examining the transnational nature of the organization and practice of faith.

Fully revised and expanded, this new work is the first major revision of the liturgical calendar of the Episcopal Church in more than 40 years! It is the official revision of *Lesser Feasts and Fasts* and authorized by the 2009 General Convention. All commemorations in *Lesser Feasts and Fasts* have been retained, and many new ones added. Three scripture readings (instead of current two) are provided for all minor holy days. Additional new material includes a votive mass of the Blessed Virgin Mary, many more ecumenical commemorations, plus a proper for space exploration. For years the oft revised volume, *Lesser Feasts and Fasts* (LFF), has served parishes and individuals mark part of the holiness of each day by providing Scripture readings, a collect, a Eucharistic preface, and a narrative about those remembered on the church's calendar that day whose lives have witnessed to the grace of God. *Holy Women, Holy Men* (HWHM) is a major effort to revise, but also to expand and enrich LFF. Where LFF provided two readings (gospel and other New Testament) plus a psalm, HWHM adds an Old Testament citation. Where LFF was limited to few non-Anglicans in the post-reformation period (and few non-Episcopalians after 1789), HWHM dramatically broadens appreciation for other Christians and their traditions. Over-emphasis on clergy is redressed by additional laity, males by females, and "in-church" activities by contributions well beyond the workings of institutional agendas. These almost daily commemorations occupy over 600 of the book's 785 pages, by far the lion's share of its content. Remaining sections address: principles of revision and guides for future revision; liturgical propers for seasons (Advent/Christmas, Lent, and Easter); and new propers for a miscellany of propers usable with individuals (or events) not officially listed in the formal calendar. Two cycles of propers for daily Eucharist are also included, one covering a six week period, the other a two year cycle.

The beloved debut novel about an affluent Indian family forever changed by one fateful day in 1969, from the author of *The Ministry of Utmost Happiness* NEW YORK TIMES BESTSELLER • MAN BOOKER PRIZE WINNER Compared favorably to the works of Faulkner and Dickens, Arundhati Roy's modern classic is equal parts powerful family saga, forbidden love story, and piercing political drama. The seven-year-old twins Estha and Rahel see their world shaken irrevocably by the arrival of their beautiful young cousin, Sophie. It is an event that will lead to an illicit liaison and tragedies accidental and intentional, exposing "big things [that] lurk unsaid" in a country drifting dangerously toward unrest. Lush, lyrical, and unnerving, *The God of Small Things* is an award-winning landmark that started for its author an esteemed career of fiction and political commentary that continues unabated.

Traces the religious adaptation of members of an important Indian Christian church— the Mar Thoma denomination — as they make their way in the United States. This book exposes how a new paradigm of ethnicity and religion, and the megachurch phenomenon, is shaping contemporary immigrant religious institutions, specifically Indian American Christianity. Kurien draws on multi-site research in the US and India to provide a global perspective on religion by demonstrating the variety of ways that transnational processes affect religious organizations and the lives of members, both in the place of destination and of origin. The widespread prevalence of megachurches and the dominance of American evangelicalism created an environment in which the traditional practices of the ancient South Indian Mar Thoma denomination seemed alien to its American-born generation. Many of the young adults left to attend evangelical megachurches. Kurien examines the pressures church members face to incorporate contemporary American evangelical worship styles into their practice, including an emphasis on an individualistic faith, and praise and worship services, often at the expense of maintaining the ethnic character and support system of their religious community. Kurien's sophisticated analysis also demonstrates how the forces of globalization, from the period of colonialism to contemporary out-migration, have brought about tremendous changes among Christian communities in the Global South. Wide in scope, this book is a must read for an audience interested in the study of global religions and cultures.
