NLP Belief Change. What beliefs work best? - What is NLP?

How to Change Beliefs Using NLP Submodalities is framed in the template submodalities. If the unconscious mind has approved the change and you have done accurate work, the meaning of the experience will shift to reflect the qualities associated with the template submodalities. You might need to repeat the shift two or three times to automate it.

Hardcover: 221 pages Our beliefs are a very powerful influence on our behavior. It is widely understood that if someone really believes he/she can do something, he/she will do it; but if he/she believes something is impossible, no amount of effort will convince him/her that it can be accomplished. Our beliefs about ourselves and what is possible greatly affected our day to day effectiveness.

In NLP a Limiting Belief is
a Belief or decision we make
about ourselves and/or our
model of the world that
limit the way we live. That
limiting belief will be
inside the system within our
internal world therefore
shaping our responses to the
external world and
opportunities around us.
