Description. Reviews (0) The GE OEC 9800 Plus C-Arm System is a versatile unit designed with multiple x-ray applications in mind. The 9800 Plus can be used in Pain Management, Orthopedics, Vascular and Neurovascular environments. An upgrade from the 9600, the 9800 Plus offers 1K x 1K image resolution, better image quality with lower x-ray dosage due to new imaging software, and touch screen operation, on top of the already excellent penetration power, and excellent image quality.

Since the 1970s OEC C-Arm systems have been the industry standard and the GE OEC 9800 is no different. The GE OEC 9800 C-Arm system builds off the popular GE OEC 9600, and improves it by offering an increased resolution (1,000 x 1,000 pixel resolution vs the 9600's 512 x 512), touch-screen controls, additional configurations (PMCare, Neuro-Vascular, and Cardiac packages), additional physical options such as MD Models (motorized movements), and increased storage options (additional image ...
