The Priory of Sion is a secret society, which according to those who support its existence since ancient times, would be the most influential in Western history. Historically, this order was founded by Pierre Plantard in 1956 being characterized as a modern extension of the Rosicrucians, however others claim that the Priory of Sion was founded 1700 years ago, in the year 325 CE.

Provides a behind-the-scenes glimpse into the world's most notorious secret societies, chronicling their origins, history, initiations, rituals, beliefs, activities, secret signs, members, and influence.

An overview of how esoteric brotherhoods have shaped history • Examines the secret chronology and clandestine causes of seminal world events • Shows how secret societies feed into one another, and how they have worked together For thousands of years secret societies--guardians of ancient esoteric wisdom--have exercised a strong and often crucial influence on the destiny of nations. Though largely ignored by orthodox historians, the Freemasons, Knights Templar, and Rosicrucians affected the course of the French and

American Revolutions as well as the overthrow of the medieval feudal order. Inevitably, the true ideals and esoteric practices of these societies have, at times, been perverted by self-serving individuals. The Nazis and the Bolsheviks, British security forces, the founding fathers of America, and the Vatican have all justified their actions--for good or for ill--by claiming the mystic ideals of secret societies. Michael Howard explores these connections, tracing their effects in politics and statecraft from the time of ancient Egypt up to the present. He sheds light on the influence of secret societies on governments and in the lives of many well-known figures, including Frederick the Great, John Dee, Francis Bacon, Benjamin Franklin, Comte de Cagliostro, Helena Blavatsky, Rasputin, and Woodrow Wilson. He contends that the recent formation of the European Union was directed by an umbrella

group of secret societies and reveals that though secret societies have been persecuted throughout history, they have survived and continue to operate powerfully in world affairs today.

They say that history is written by the victors. But what if history—or what we come to know as history—has been written by the wrong people? What if everything we've been told is only part of the story? In this groundbreaking and now famous work, Mark Booth embarks on an enthralling tour of our world's secret histories. Starting from a dangerous premise—that everything we've known about our world's past is corrupted, and that the stories put forward by the various cults and mystery schools throughout history are true—Booth produces nothing short of an alternate history of the past 3,000 years. From Greek and Egyptian mythology to Jewish

folklore, from Christian cults to Freemasons, from Charlemagne to Don Quixote, from George Washington to Hitler—Booth shows that history needs a revolutionary rethink, and he has 3,000 years of hidden wisdom to back it up.

The mysterious, highly influential hidden world of Yale's secret societies is revealed in a definitive and scholarly history. Secret societies have fundamentally shaped America's cultural and political landscapes. In ways that are expected but never explicit, the bonds made through the most elite of secret societies have won members Pulitzer Prizes, governorships, and even presidencies. At the apex of these institutions stands Yale University and its rumored

Read Book Secret Societies A World History Of The Clandestine Clubs

Twenty-six secret societies. Tracing a history that has intrigued and enthralled for centuries, alluring the attention of such luminaries as Ernest Hemingway, William Faulkner and F. Scott Fitzgerald, *Skulls and Keys* traces the history of Yale's societies as they set the foundation for America's future secret clubs and helped define the modern age of politics. But there is a progressive side to Yale's secret societies that we rarely hear about, one that, in the cultural tumult of the nineteen-sixties, resulted in the election of people of color, women, and gay men, even in proportions beyond their percentages in the class. It's a side that is often overlooked in favor of sensational legends of blood oaths and toe-curling conspiracies. Dave Richards, an alum of Yale, sheds some light on the lesser known stories of Yale's secret societies. He takes us through the history from Phi Beta Kappa in the American Revolution (originally

a social and drinking society) through Skull and Bones and its rivals in the nineteenth and twentieth centuries. While there have been articles and books on some of those societies, there has never been a scholarly history of the system as a whole.

An expose of the dark and critical role secret societies play within the ruling families in America and their influence on American democracy, current events, and world history. • Reveals the enormous influence secret societies still have on contemporary American life. • Shows how the secret Masonic cells that smuggled in the democratic ideals inspiring the American Revolution also enabled the future elite of the new society to build huge fortunes. Elite and secret societies have always been a major force in the history of Western civilization. The alliances formed in secret

Read Book Secret Societies A World History Of The Clandestine Clubs

societies such as the Knights Templar, the Knights of Christ, and the Freemasons transcended patriotism and religious beliefs and had a powerful influence on the establishment of the United States of America. While these secret associations of merchants, smugglers, occultists, gamblers, spies, and slavers succeeded in freeing the United States from foreign domination, the dark side is that the elite used their secret connections to further their own wealth and power. These secret cells did not hesitate to sponsor the assassination of a president and even attempted to break up the union on several occasions when it was deemed expedient. From the Sons of Liberty and the Essex Junto to the Ku Klux Klan, secret societies have played critical roles in building the fortunes of America's elite. Now Steven Sora reveals in alarming detail how secretive societies continue to wield power even today as organizations such as Yale's

Read Book Secret Societies A World History Of The Clandestine Clubs

Skull & Bones unite America's modern ruling families as strongly as Masonic Lodges once connected the Astors, Livingstons, and Roosevelts. Their immense power and wealth allow this elite to control America to an even greater degree than the Templars once dominated Europe.

This unique history of the Civil War considers the impact of nineteenth-century American secret societies on the path to as well as the course of the war. Beginning with the European secret societies that laid the groundwork for freemasonry in the United States, Mark A. Lause analyzes how the Old World's traditions influenced various underground groups and movements in America, particularly George Lippard's Brotherhood of the Union, an American attempt to replicate the political secret societies that

Read Book Secret Societies A World History Of The Clandestine Clubs

influenced the European Revolutions of 1848. Lause traces the Brotherhood's various manifestations, including the Knights of the Golden Circle (out of which developed the Ku Klux Klan), and the Confederate secret groups through which John Wilkes Booth and others attempted to undermine the Union. This book shows how, in the years leading up to the Civil War, these clandestine organizations exacerbated existing sectional tensions and may have played a part in key events such as John Brown's raid on Harpers Ferry, Lincoln's election, and the Southern secession process of 1860-1861.

Describes the practices and philosophies of cults and secret organizations and looks at the Sufi, gnostics, witches, Rosicrucians, and initiation societies

Read Book Secret Societies A World History Of The Clandestine Clubs Freemasonry Ku Klux Klan Opus Dei Triads

Throughout history there have been societies of closed membership and covert purpose. From the Knights Templars to the freemasons, an intimate look at the inner workings of secret societies.
